

# Dispensa-Matic U-45 Label Dispenser

***Ideal for dispensing pressure-sensitive labels up to 4.5" wide***

The Dispensa-Matic U-45 Label Dispenser is a heavy-duty, semi-automatic electric label dispenser for labels from 0.375" to 4.5" wide x 0.375" to any length. This label dispenser advances at over 4" per second.

- Butt-cut or die-cut compatible.
- Multiple row compatible.
- Semi-automatic dispenser: pick, apply and repeat.
- Label boxes, envelopes, brochures, bottles, bags, cans – anything that needs a label.
- Side frames are made from the highest quality metals, then formed, countersunk, de burred and inspected.
- Dispensing tables are formed out of stainless. The peel edge is hand-shaped to spec to get the perfect peeling edge needed to dispense labels without tearing the backing paper.
- Dispensing tables are polished with ultra-fine polishing compound so paper flows freely around the plate.
- The U-45 motor is a shaded-pole AC motor.
- Dispensa-Matic U-45 uses Micro-Switch-branded switches, which are specifically designed to detect all kinds of labels: paper, Mylar, foil, holographic and clear; photo cell available.
- Motor is compatible for Europe and all other 220V 50/60hz.
- Dimensions: 11"x11"x 8"
- Weight: 11 lbs.
